

If you are looking for a program where faculty take time to work with students one on one, then The University of Mississippi Department of Mathematics is a good choice. The opportunity to work closely with faculty is a crucial factor in achieving success in graduate school. At UM you will be a member of a select group of students interacting with faculty who have the time and willingness to give you individual attention.

THE UNIVERSITY OF MISSISSIPPI

# DEPARTMENT OF MATHEMATICS

GRADUATE PROGRAM

MA IN MATHEMATICS  
MS IN MATHEMATICS  
PHD IN MATHEMATICS

Our program enrolls on average 25 students (MS and PhD); 18 professors comprise the graduate faculty. Over our 40 year history, we have established a proven record of providing students with an education that prepares them for jobs in business and academia, in this country and across the globe. Since 2003, 43 students graduated with PhDs, and all obtained jobs ranging from research universities to government and industry positions. The program has recently gained national attention for its support of minority students.

Members of our department conduct vibrant research programs in the areas of Algebra, Number Theory, Analysis, Combinatorics, Dynamical Systems, Symplectic Topology, and Statistics.

Most of our graduate students are supported with teaching assistantships that provide a tuition waiver, a competitive stipend, and a health insurance plan. Additional compensation is possible for outstanding applicants.

Teaching assistantships may be supplemented by honors and minority fellowships. Summer support is also available through the Summer Graduate Research Assistantship Program.

For more information or to arrange a visit, please contact **Dr. Bing Wei** at [bwei@olemiss.edu](mailto:bwei@olemiss.edu).

## APPLICATIONS

Official GRE (general), TOEFL (for international applicants only) scores, and transcripts should be sent to the Graduate School directly.

In addition to the University of Mississippi Graduate School's online application, please arrange to have three recommendation letters sent on your behalf to:

### **Department of Mathematics**

**The University of Mississippi**  
**P.O. Box 1848**  
**University, MS 38677-1848**

*We start to offer assistantships in early February, so an early application is desirable.*

## ABOUT THE UNIVERSITY OF MISSISSIPPI

The University of Mississippi is an R1 Carnegie Status Research Institute located in Oxford, about 70 miles south of Memphis, Tennessee. The population of Oxford is about 19,000. Enrollment on the Oxford campus is about 20,000. *USA Today* named Oxford the "Thriving New South Arts Mecca" and one of the top six college towns in the nation. Oxford's outstanding quality of life landed it in the book *The Best 100 Small Towns in America*.
