

Pi Mu Epsilon

The mathematics honors society for university students

**Thursday, March 24, 2016
12:15-12:50 PM in Hume 201**

Speaker: Dr. Gerard Buskes

Title: *From A (luminum Carbonate via kitchen cloth) to Z (ebra).*

We will discuss 1) a mathematical object that connects the Musee du Conservatoire des Arts et Metiers in Paris with Oxford, Mississippi, 2) A mathematical object found in Dutch kitchens, and 3) an animal from Africa.

**A one-time payment of \$10 covers your pizza lunch
for all meetings this semester!**

See you Thursday!
