Syllabus - Math 540
History of Mathematics
Fall, 2017

Instructor: Dr. Haidong Wu
Office: Hume 316
Office Hours: W 9:30-10:30, 3:00-4:00 pm, Th 10:00-11:00 am, or by appointment
Phone: 662-915-7416
E-mail: hwu@olemiss.edu
Text: An Episodic History of Mathematics by Steven G. Krantz
Class Time: T Th 3:00-4:15
Location: Jackson Center

Course contents and goals: This course covers History of Mathematics through problem solving. The students will be involved in mathematics by solving the same/similar problems that ancient mathematicians such as Zeno, Pythagoras, Descartes, Fermat, and Riemann worked on. Upon successfully completing the course, students will not only understand the history of mathematics, but also develop problem solving skills, and enhance their critical thinking and analytical reasoning abilities.

Grading Policy:

1. Two tests each counting 100 points (lowest one replaced by the final percentage).
2. Homework/quiz will count 100 points.
3. The final examination is comprehensive and will count 150.

The cumulative point total for the class is 450 points (200 points for tests, 150 points for the final, and 100 points for homework).

FINAL GRADE: The following point scale will be used to determine your final grade:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>93%</td>
</tr>
<tr>
<td>A'</td>
<td>90%</td>
</tr>
<tr>
<td>B'</td>
<td>87%</td>
</tr>
<tr>
<td>B</td>
<td>83%</td>
</tr>
<tr>
<td>B</td>
<td>80%</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Grade</th>
<th>Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>C'</td>
<td>77%</td>
</tr>
<tr>
<td>C</td>
<td>70%</td>
</tr>
<tr>
<td>D</td>
<td>60%</td>
</tr>
<tr>
<td>F</td>
<td>below 60%</td>
</tr>
</tbody>
</table>

Very Important:

1. There will be two major tests during the semester. Each test will count 100 points. The test questions will be similar in format to the examples in class and the homework problems. Please bring four large blue books without writing your names by the second week.

2. The lowest test grade will be replaced by the final exam percentage (if it is higher). Please note that the homework/quiz grade cannot be replaced.

3. If a test is missed for ANY reason, a grade of 0 will be given. There will be absolutely NO make-up tests given for ANY reason.
4. Any student who will miss one of the four tests because of an official University function must reschedule and take this test at a time BEFORE the test is scheduled to be given. NO OTHER rescheduling will be allowed.

5. Students must show all work for each test question and arrive at a correct answer.

6. The final examination is comprehensive and will count 150 points.

7. Any student having three or more final examinations scheduled for the same day will arrange with the instructor to take the Noon or the 7:30 p.m. examination on some other mutually satisfactory date.

8. Every student must take the final exam at the time scheduled. The only exceptions are those students affected by # 3 or # 6 above.

ATTENDANCE POLICY  Students are allowed (3) absences. Ten points are deducted from the final point total for each absence above the limit. It is the student’s responsibility to make sure his/her attendance record is correct.

CALCULATORS: Electronic calculators, cell phones, and ipods are prohibited on tests and quizzes.

ELECTRONIC DEVICES: All cellular phones, pagers, and other electronic equipment should be turned off during the class period, during movies, in churches, bookstores, restaurants, elevators, grocery stores, and especially while operating a motor vehicle.

ACADEMIC HONESTY:

Cheating: The following statement is the policy of the Department of Mathematics in Math 540 regarding cheating:
Offenses: Cheating on any exam or quiz, theft or attempted theft of exam questions, possession of exam questions prior to the time for examination, or the use of an illegal calculator on tests or quizzes shall all be offenses subject to appropriate penalties.
Penalties: The penalty for commission of any offense set out above is failure in the course and, subject to the approval of the Chancellor, dismissal or suspension from the University.

WITHDRAWAL DEADLINE FOR FALL 2016 SEMESTER: Monday, October 3
After the Course Withdrawal Deadline, courses dropped will be recorded on University records and the W grade will be recorded if the student is not failing the course at the time of withdrawal; otherwise the grade recorded will be F. After the course withdrawal deadline, a student may drop a course only in cases of extreme and unavoidable emergency as
determined by the academic dean; dropping a course after the deadline will not be permitted because of dissatisfaction over an expected grade or because the student is changing his/her major.

**ACADEMIC NEEDS:** It is the responsibility of any student with a disability who requests a reasonable accommodation to contact the Office of Student Disability Services (915-7128). Contact will then be made by that office through the student to the instructor of this class. The instructor will then work with the student so that a reasonable accommodation of any disability can be made.

**TENTATIVE TEST DATES:** 9/28, 11/9.

**SPECIAL DATES:**
- Labor Day Holiday: Monday, September 4
- Thanksgiving Holidays: Monday, November 20 - Friday, November 24
- Classes end: Friday, December 1st.
