INSTRUCTOR: Dr. Kayla Harville
OFFICE: Hume 305C (662-915-7410)
E-MAIL: kdharvil@olemiss.edu
OFFICE HOURS: Mon – Thurs from 2:00 – 3:00 or by appointment.

SOFTWARE (REQUIRED): MyMathLab for Finite Mathematics for Business, Economics, Life Sciences and Social Sciences (Custom Edition) by Barnett, Ziegler, Byleen, and Stocker. ISBN: 9781323903841 (Students will have access to the eText through the software.)

LEARNING OUTCOMES: Students who successfully complete Math 269 should be able to devise a standard linear programming model and solve graphically and with the simplex method. Students should also be able to investigate the important information in a linear programming problem available through sensitivity analysis.

HOMEWORK & QUIZZES:
- Each Sunday, the assignments for the week will become available. Please go to Blackboard, watch the videos corresponding to each lesson, and then complete the MyMathLab assignments.
- Homework will be assigned for each section of material covered. (See Blackboard for directions to enroll in the course on MyMathLab.)
- Homework assignments (and individual questions) may be done as many times as needed before the due date, with only the best score counting toward the student’s grade.
- Quizzes will be assigned throughout the semester. Two attempts will be allowed per quiz, with only the best score counting toward the student’s grade. The lowest quiz grade will be dropped at the end of the semester.
- Homework and quizzes must be submitted by 11:59 p.m. on the due date for full credit. NO LATE WORK WILL BE ACCEPTED.

TESTS and FINAL EXAM:
- There will be two tests and a final exam given during the semester.
- Each of the two tests must be taken online through the MyMathLab portal. The test questions will be similar in format to the homework and quiz problems. Tests will be available from 12:00 a.m. on the first day of the testing window until 11:59 p.m. on the last day of the testing window. You must schedule your tests appropriately to allow enough time to complete each test. If you choose ProctorU, then the last testing appointment that can be made will be at 10:00 p.m. on the last day of the testing window.
- Each test will have a 75-minute time limit once it is opened on MyMathLab. Each test can only be taken once. If there is a disruption in the test (loss of internet connection, loss of power, etc.), then it is the student’s responsibility to ensure the proctor contacts me immediately via email or phone.
- Each test and the final exam must be proctored. Please see the TESTING INFORMATION section below for information regarding proctored exams.
- If a test is missed for ANY reason, a grade of 0 will be given. There will be absolutely NO make-up tests given for ANY reason.
• The final exam must be taken online through the MyMathLab portal. The test questions will be similar in format to the homework and quiz problems. Tests will be available from 12:00 a.m. on the first day of the testing window until 11:59 p.m. on the last day of the testing window. You must schedule your tests appropriately to allow enough time to complete each test.

• The final exam will have a 180-minute time limit from when the test is accessed on MyMathLab. Students taking the final exam through ProctorU can schedule an appointment at any time during the testing window with the last appointment time being 1:30 p.m. on the last day of the testing window. Students taking the final exam through DETL must make an appointment through DETL.

• The final exam can be taken only once. If there is a disruption in the test (loss of internet connection, loss of power, etc.), then it is the student’s responsibility to ensure the proctor contact me immediately via email or phone.

• Due to the nature of the online classroom environment, there will be limited partial credit available on the tests and final exam.

**FINAL GRADE CALCULATION:**
The student’s grade will be calculated as follows: Homework: 15%, Quizzes: 15%, Tests: 30%, Project: 10%, and Final Exam: 30%.

<table>
<thead>
<tr>
<th>Grade</th>
<th>Percentage Range</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>90 – 100%</td>
</tr>
<tr>
<td>A-</td>
<td>88 – 89.99%</td>
</tr>
<tr>
<td>B+</td>
<td>86 – 87.99%</td>
</tr>
<tr>
<td>B</td>
<td>80 – 85.99%</td>
</tr>
<tr>
<td>B-</td>
<td>78 – 79.99%</td>
</tr>
<tr>
<td>C+</td>
<td>76 – 77.99%</td>
</tr>
<tr>
<td>C</td>
<td>70 – 75.99%</td>
</tr>
<tr>
<td>C-</td>
<td>68 – 69.99%</td>
</tr>
<tr>
<td>D</td>
<td>60 – 67.99%</td>
</tr>
<tr>
<td>F</td>
<td>0 – 59.99%</td>
</tr>
</tbody>
</table>

**NOTE:** An "I" grade will not be given without the permission of the Department of Mathematics.

**TESTING INFORMATION:**

• Each test and the final exam must be taken online with a proctor. It is the student’s responsibility to schedule the appointments for each proctored assessment. For this class, there will be two options for proctoring the exams: ProctorU and DETL.

• ProctorU is a remote proctoring service that allows you to schedule your exam time at any point during the exam window. ProctorU is more flexible than the DETL Lab, but it is a service the student is responsible for paying to use (~$25 per test). To use ProctorU, you must have a computer (not a phone or tablet) with a webcam and high-speed Internet connection. Students using ProctorU will be allowed to bring a calculator (only basic, four-function or scientific allowed) and four sheets of blank scratch paper to the test – you must show the proctor both sides of the paper before the test and tear up the paper after the test. To schedule an appointment through ProctorU, please visit the website [http://www.online.olemiss.edu/proctoru.html](http://www.online.olemiss.edu/proctoru.html).

• DETL (Distance Education Testing Lab) is a free testing center on campus in the Jackson Avenue Center, Suite F. While testing at DETL is free, there are limitations to dates and times that are available to schedule an appointment.
to take an exam. To schedule an appointment through DETL, please see the following website:
http://www.online.olemiss.edu/testing.html

Note: DETL cannot assist you in making regional campus testing appointments. Please contact the regional testing centers directly to schedule regional campus appointments. See the contact information below:

Desoto: Twyla Loftiss   (662) 393-1674   twyla@olemiss.edu
Tupelo: Sherry Miller   (662) 844-5622   smiller3@olemiss.edu
Booneville: Kim Gray   (662) 720-7781   kimgray@olemiss.edu
Grenada: LaTonya Pittman  (662) 227-2348   lspittma@olemiss.edu

Please report to the testing center at least 10 minutes before your appointment with a valid Ole Miss ID, state issued driver’s license, or a passport to take your exam. There will be no exceptions to this rule. Please contact DETL directly if there are issues or questions with forms of identification. If you are late to your testing appointment, then you must reschedule your testing appointment or use ProctorU.

_If you do not show up for your exam or reschedule your appointment online at least two hours before the testing time, you will not be able to reschedule and I will be notified. Treat these appointments just as you would if you were testing with me._

**ACADEMIC NEEDS:**

- The University of Mississippi is committed to the creation of inclusive learning environments for all students. If there are aspects of the instruction or design of this course that result in barriers to your full inclusion and participation, or to accurate assessment of your achievement, please contact the course instructor as soon as possible. Barriers may include, but are not necessarily limited to, timed exams and in-class assignments, difficulty with the acquisition of lecture content, inaccessible web content, and the use of non-captioned or non-transcribed video and audio files. If you are approved through SDS, you must log in to your Rebel Access portal at https://sds.olemiss.edu to request approved accommodations. If you are NOT approved through SDS, you must contact Student Disability Services at 662-915-7128 so the office can: 1. determine your eligibility for accommodations, 2. disseminate to your instructors a Faculty Notification Letter, 3. facilitate the removal of barriers, and 4. ensure you have equal access to the same opportunities for success that are available to all students.

**CALCULATORS:**

- Math 269 online students are allowed a basic, four-function or scientific calculator for the tests and the final exam. NO GRAPHING CALCULATORS ALLOWED!
- DETL provides calculators for student use during their testing session. ProctorU does not provide calculators.
- It is the student’s responsibility to obtain the allowed calculator before the scheduled tests. Any questions regarding appropriate calculators must be handled at least 72 hours before the scheduled test.
CHEATING: The following statement is the policy of the Department of Mathematics regarding cheating:

Offenses: Cheating on any exam, quiz, homework, work to be completed in class; theft or attempted theft of exam questions; use of prohibited technology (including cell phones, unapproved calculators, smart watches, etc.) on exams; possession of exam questions prior to the time for examination; shall all be offenses subject to appropriate penalties.

Penalties: The penalty for commission of any offense set out above is failure in the course without possibility of academic forgiveness and, subject to the approval of the Chancellor, dismissal or suspension from the university.

CLASS ATTENDANCE:

- Attendance will be taken based on work completed during the week. If no assignments are completed (or at least attempted) during the week, that will be considered an absence.
- You are allowed two (2) absences without penalty. After that, 2 percentage points will be deducted from your final average for each absence over the limit.
- Attendance must be verified within the first two weeks of class or you will be dropped from the course. I will consider attendance verified if at least one assignment is completed or attempted within the first two weeks.

WITHDRAWAL DEADLINE: Monday, October 1

- After the Course Withdrawal Deadline, courses dropped will be recorded on University records and the grade of W will be recorded if the student is not failing the course at the time of withdrawal; otherwise, the grade of F will be recorded. After the course withdrawal deadline, a student may drop a course only in cases of extreme and unavoidable emergency, as determined by the academic dean. Dropping a course after the deadline will not be permitted because of dissatisfaction over an expected grade or because the student is changing his/her major.

COPYRIGHT AND FAIR USE STATEMENT:

- This policy sets forth the privileges of and restrictions on students, faculty, staff, and other users with respect to the computing and telecommunications systems offered by the University of Mississippi (UM). This policy is designed to protect the University community from illegal or damaging actions by individuals, either knowingly or unknowingly. Inappropriate use exposes the University to risks, including virus attacks, compromise of network systems and services, and legal issues. This policy directly addresses copyright issues related to illegal downloads and peer-to-peer file sharing.

M-BOOK SUMMARY:

- The University of Mississippi is dedicated to supporting and sustaining a safe and scholarly community of learning dedicated to nurturing excellence inside and outside of the classroom. Each student has a duty to become familiar with University values and standards reflected in University policies, and each student has a duty to honor University values and standards reflected in University policies. These policies are outlined in the M Book. For a complete listing of policies, please visit the University Policy Directory.
STUDENT IDENTITIY POLICY AND PRIVACY POLICY:

- The University must abide by federal guidelines to verify the participation of online students. For all course types, including thesis, internships, labs, online courses, etc., the instructor must verify your participation based on some type of participation. This may include submission of an online assignment or other course related contact with the instructor. (However, simply logging into Blackboard will not count as an academically related activity.)

- Federal regulations, our accrediting agency (SACS) and university policies require that safeguards are used to ensure that the student who receives the academic course credit is actually the person doing the work. You will need to present your student ID before taking proctored exams and your instructor may verify your identity through live or virtual meetings, or by using an identity verification program.
