INSTRUCTOR: Kelvin Holmes
OFFICE: Hume 222
CLASS TIME: 2:30 – 3:45

EMAIL ADDRESS: kmholmes@olemiss.edu
OFFICE HOURS: MW 11:00 – 12:00
TTh 1:00 – 2:00
F by appointment

Course contents and goals: Students who successfully complete Math 262 should be able to determine an antiderivative for polynomial, trigonometric, exponential, logarithmic, rational, and radical functions using a variety of methods. Students should also be able to write and evaluate definite integrals that represent plane area, volume, arc length, and surface area.

TEXT and SOFTWARE:
2. Mathematica (do not purchase) – available on the computers in Hume & Weir Hall or install on your computer using the university site license; installation instructions at https://my.olemiss.edu/irj/portal?NavigationTarget=navurl://437be7228f011319fc592867c0866c2f&role=Student&workset=Technology

ASSIGNMENTS: 1. Online homework, Mathematica worksheets, and quizzes will be given throughout the semester. These will total as a 100-point grade. Use Course ID: holmes87735 to enroll in my grade book. (See last page of syllabus.)
2. Online homework assignments may be done as many times as needed before the due date, with only the best score counting toward the student’s grade.
3. Online homework must be submitted by 11:59 pm on the due date to get full credit. Any late online homework assignments may be submitted by 11:59 pm on Sunday, May 3 for half-credit.
4. When working an assignment after the due date, only work problems that you have previously gotten wrong OR not attempted. Working a problem you got correct prior to the due date will actually lower your score.

TESTS: 1. There will be four major tests during the semester. Each test will count 100 points. The test questions will be similar in format to the examples in class and the homework problems.
2. The lowest test grade will be replaced by the final exam score if you score higher on the final exam.
3. If a test is missed for ANY reason, a grade of 0 will be given. There will be absolutely NO make-up tests given for ANY reason.
4. Any student who will miss one of the four major tests because of an official University function must reschedule and take this test at a time BEFORE the test is scheduled to be given. NO OTHER rescheduling will be allowed.
5. Students must show all work for each test question and arrive at a correct answer.
6. The final examination is comprehensive and will count 200 points.
7. Any student having three or more final examinations scheduled for the same day will arrange with the instructor to take the Noon or the 7:30 p.m. examination on some other mutually satisfactory date.
8. Every student must take the final exam at the time scheduled. The only exceptions are those students affected by # 4 or # 7 above.

FINAL GRADE: The cumulative point total for the course is 700 points – tests: 400, homework/quiz/mathematica: 100, final exam: 200. The following point scale will be used to determine your final grade:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Percentage Necessary for Grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>90 – 100%</td>
</tr>
<tr>
<td>A’</td>
<td>88 – 89.99%</td>
</tr>
<tr>
<td>B</td>
<td>86 – 87.99%</td>
</tr>
<tr>
<td>B’</td>
<td>80 – 85.99%</td>
</tr>
<tr>
<td>C</td>
<td>70 – 75.99%</td>
</tr>
<tr>
<td>C’</td>
<td>68 – 69.99%</td>
</tr>
<tr>
<td>D</td>
<td>63 – 68.99%</td>
</tr>
<tr>
<td>F</td>
<td>0 – 59.99%</td>
</tr>
</tbody>
</table>

NOTE: An "I" grade will not be given without the permission of the Department of Mathematics.

SPECIAL NOTE: A grade of C or better in Math 262 is required in order to take Math 263.

ATTENDANCE POLICY For classes that meet three days a week, students are allowed five (5) absences. For classes that meet two days a week, students are allowed three (3) absences. Ten points are deducted from the final point total for each absence above.
the limit. It is the student's responsibility to make sure his/her attendance record is correct.  

Note that students whose attendance is not verified within the first two weeks of the semester may be dropped from the roll.

**CALCULATORS AND ELECTRONIC DEVICES**

- Your brain is a sufficient calculator in Math 262.
- Electronic calculators, cell phones, and ipods are prohibited on tests. Use of such equipment will be considered cheating.
- All electronic equipment should be turned off during class unless given permission by the instructor. This includes ipods, laptops, ipads, etc. Cell phones should be silenced and put away. The instructor may dismiss you from class if you are observed using any such electronics.

**Cheating:** The following statement is the policy of the Department of Mathematics in Math 262 regarding cheating:

**Offenses:** Cheating on any exam or quiz, theft or attempted theft of exam questions, possession of exam questions prior to the time for examination, or the use of an electronic device (including cell phones) on tests or quizzes shall all be offenses subject to appropriate penalties.

**Penalties:** The penalty for commission of any offense set out above is failure in the course (without possibility of academic forgiveness) and, subject to the approval of the Chancellor, dismissal or suspension from the University.

**WITHDRAWAL DEADLINE FOR SPRING 2020 SEMESTER: Monday, March 2**

After the Course Withdrawal Deadline, courses dropped will be recorded on University records and the W grade will be recorded if the student is not failing the course at the time of withdrawal; otherwise the grade recorded will be F. After the course withdrawal deadline, a student may drop a course only in cases of extreme and unavoidable emergency as determined by the academic dean; dropping a course after the deadline will not be permitted because of dissatisfaction over an expected grade or because the student is changing his/her major.

**ACADEMIC NEEDS: Disability Access and Inclusion:** The University of Mississippi is committed to the creation of inclusive learning environments for all students. If there are aspects of the instruction or design of this course that result in barriers to your full inclusion and participation, or to accurate assessment of your achievement, please contact the course instructor as soon as possible. Barriers may include, but are not necessarily limited to, timed exams and in-class assignments, difficulty with the acquisition of lecture content, inaccessible web content, and the use of non-captioned or non-transcribed video and audio files. If you are approved through SDS, you must log in to your Rebel Access portal at [https://sds.olemiss.edu](https://sds.olemiss.edu) to request approved accommodations. If you are NOT approved through SDS, you must contact Student Disability Services at 662-915-7128 so the office can: 1. determine your eligibility for accommodations, 2. disseminate to your instructors a Faculty Notification Letter, 3. facilitate the removal of barriers, and 4. ensure you have equal access to the same opportunities for success that are available to all students.

It is the responsibility of any student with a disability who requests a reasonable accommodation to contact the Office of Student Disability Services (915-7128).
**TUTORING:** Mathematics tutoring (FREE!) will occur in the J.D. Williams Library Commons. The Commons is on the bottom floor of the J.D. Williams Library. No appointment is necessary. A desk worker is stationed near the reference desk and can point you in the direction of a tutor. Tutoring hours are listed below, along with a map of the 1st floor of the Library. Tutoring begins on **Monday, January, 27.**

- **Monday:** 10am-7pm
- **Tuesday:** 10am-7pm
- **Wednesday:** 10am-7pm
- **Thursday:** 10am-7pm
- **Friday:** 10am-2pm
PEARSON CUSTOMER SUPPORT: Problems involving the MyMathLab software should be directed to their technical support department.

- The Pearson Customer Support Office is open Monday – Friday from 11 am until 7 pm (central time)
- Students may call 1-800-677-6337 to receive assistance with the software.
- Help can be found 24 hours a day online at http://247pearsoned.custhelp.com/.
- It is highly recommended that you do not use Safari as your internet browser for this software.

MyLab / Mastering Course Registration Instructions

What You Need to Enroll in your Instructor’s Online Course

A Course ID: holmes87735

✓ A valid email address that you check regularly
  This address will be used to confirm your registration and for other communication about the course. Your instructor may also use this email address to communicate with you.

*** If you have taken Math 261 at Ole Miss with the 3rd (Fall 2019) edition of the textbook, you do not have to buy a new access code!!! Follow the instructions below:
  ➢ Go to www.pearsonmylabandmastering.com and sign in.
  ➢ Click Enroll.
  ➢ Enter course id: holmes87735
  ➢ Confirm.

*** If you have taken Math 262 at Ole Miss with a previous edition of the textbook, you can fill out the form provided in the following link, and an access code will be sent to you once your previous access has been verified. You do not have to buy a new access code!!! While waiting for verification, please enroll in the class with temporary access.
  ➢ Go to https://forms.gle/VmRWmaQR9r9N6FJY7 and fill out the form.

*** If you have NOT taken Math 261 at Ole Miss with THIS textbook, follow these instructions:
  ➢ Go to www.pearsonmylabandmastering.com
  ➢ Click Student under Register.
  ➢ Enter your Course ID and click Continue.
  ➢ Verify the course information.
  ➢ You have a Pearson account if you have used other Pearson online products.
    Enter your username and password, and click Sign In.
  ➢ If you don’t have a Pearson account, click Create an account.
  ➢ Complete your account set up by entering your name, email address, a username and password, and any other required information.
  ➢ Click Create Account. You now have a Pearson account.
  ➢ Course access – You have three choices
    - If you have already purchased an access code, click access code, enter the code and click Finish.
    - If using a credit card or PayPal, click the button for the access you want to purchase, provide payment account information and verify your order.
    - Click on Get temporary access and then confirm your choice by clicking Yes. This will give you temporary access to the course for 14 days. At that time, you will have to purchase an access code.

To Sign in to Your Course Again Later
  ➢ Return to www.pearsonmylabandmastering.com
  ➢ Click Sign In.
  ➢ Enter your Pearson account username and password and click Sign In.
