

# Pi Mu Epsilon

*the mathematics honors society for university students*

**Thursday, February 27, 2020  
12:15-12:50 PM in Hume 201**

**Susan Kelly, Project Coordinator  
Center for Intelligence and Security Studies**

## **Careers in National Security and Intelligence**

The intelligence community is looking for math majors!

Come learn about the various intelligence agencies (CIA, NSA, FBI, NGA, ONI, NRO, DIA, DHS) missions, the various job tracks that their agencies have, the core skills that they look for in applicants, and the hiring process including the background check, security investigation, and clearance process.

**See you Thursday!**
